

Spotting the Signs: Identifying Vulnerability to Radicalisation Among Students

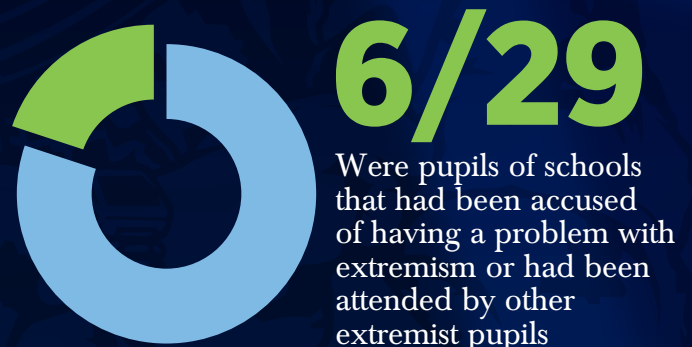

Emma Webb

Socialisation into terrorism

Members of these networks were in contact with each other before, during and after travel, and were in contact with students who travelled from outside of those areas.

Where does socialisation occur?

What's the role of online activity?

Online activity appeared subsidiary to real-world relationships.

Online activity was a possible source of radicalisation, including all female students profiled.

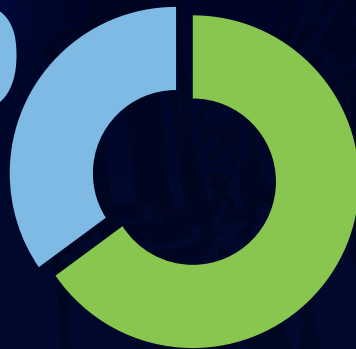

However, the majority were not merely passively consuming propaganda but engaging with extremists online.
